13:30 – 14:00 | Arrival and accreditation

14:00 – 14:10 | Event opening

- Presenter - **Lina Camargo**, Manager GRI Latam
- Opening words - **Cristina Gil White**, GRI Interim CEO

14:10 – 15:00 | GRI Biodiversity Standard and its importance in sustainability

This session will provide an overview of the new GRI 101, the revised GRI Biodiversity Standard, explore how implementing GRI 101 enables companies to effectively disclose their impacts on biodiversity, and highlight the collaboration across standard and framework setters to streamline sustainability reporting for companies.

- Introduction - **Elodie Chêne**, Senior Standards Manager GRI
- Moderator - **Harold Pauwels**, Director Standards GRI
 - **Monica Tangarife**, Head of Corporate Responsibility at Ecopetrol
 - **Susanne Draeger**, Strategic Affairs Director, IFRS Foundation
 - **Sue Armstrong-Brown**, Global Director of Environmental Standards and Thought Leadership at CDP
 - **Matthew Bell**, Global Climate Change and Sustainability Services Leader at EY

15:05 – 15:55 | Going Beyond Climate: Nature Transition Planning

Companies are in various stages of their climate transition journey, and incorporating nature and biodiversity is occurring at varied stages in these journeys. What are the key considerations in addressing nature in transition planning, and where are opportunities to accelerate integration?

- Moderator: **Alyson Genovese**, Vice President and Global Head of Corporate Responsibility, S&P Global
 - **Michael Ofosuhene-Wise**, Business Action Senior Manager, Business for Nature
 - **Cherry Muijsson**, Director Multi assets and Solutions, Blackrock
 - **Caitlin Clarke**, Director Policy and External Affairs, BTG Pactual Timberland Investment Group
 - **Maria Paula Camacho**, VP Sustainability Promigas

16:00 – 16:20 | Networking Break

16:20 – 17:10 | GRI Company Panel: Biodiversity Practices in Industry

In this session we will discuss with several frontrunners and GRI reporting companies in various regions on how they created their nature strategies, including targets and nature transition plans by using GRI 101 and other tools; Their first experience with GRI101 and what would help them next in their reporting journey.

- Moderator: **Andrea Pradilla**, Director of GRI Latin America
 - **Gian Paolo Daguer**, Manager External Relations and Sustainability, Enel Colombia and Central America
 - **Leticia Guimarães**, Biodiversity Leader - Vale S.A.
 - **Maria Solange Sánchez**, Sustainability Manager, Grupo Nutresa
 - **Maria Adelaida Correa**, Corporate Director of Sustainability, ISA Interconexión Eléctrica S.A. E.S.P.

17:15 – 18:05 | From Data to Decision: A Nature-Driven Corporate Transition

Following the publication of the GRI 101 Biodiversity standard and the Taskforce on Nature-Related Financial Disclosures (TNFD) recommendations, companies globally are seeking to identify, assess, and report nature and biodiversity dependencies, impacts, risks and opportunities. As global focus accelerates to reverse biodiversity loss, spurred by nature-related reporting frameworks, regulation, and investor momentum, we invite you to join us for an insightful discussion, offering strategies and best practices to support organizations while managing nature-related impacts and risks in an increasingly complex environment.

- Moderator - **Paz Queralto**, Latam Associate Director, Sustainability Solutions Specialist, S&P Global Sustainable1
 - **Alyson Genovese**, Vice President and Global Head of Corporate Responsibility, S&P Global
 - **Hilen Meirovich**, Head of Climate Change, IDB Invest
 - **Christie Burley**, VP Aladdin Sustainability

18:05 – 18:15 | Closing Remarks

- **Andrea Pradilla**, Director of GRI Latin America

18:15 – 20:00 | Reception
